

Gallatin Canyon Womens Club (GCWC)
President's Message 2025

Dear GCWC Members,

I have much to share with you as we start 2025. First, the Centennial Committee, along with GCWC member Sheila Bodway, developed a logo for us to help prepare for our 100th celebration in 2027. The logo reflects both our ranching history and the decision in 1932 to make the club colors green and yellow. The Centennial Committee (Chaired by Joan Traylor and Betsy McFadden) has more fun things in store – stay tuned.

Second, we are partnering with the Rotary Club of Big Sky and Lone Peak High School to help us digitize and store club photos and historic documents. The students involved are looking for help to correctly document this material. If you are interested, please contact Laura Seyfang (Rotary Club Youth Service Liaison) or Katie Scherfig (GCWC Lifetime Member Liaison).

Third, our Program Committee (Chaired by Lori Addicks) has once again come up with an outstanding slate of speakers for our 2025 summer season. To give you a teaser, these include Cam Sholly (Superintendent of Yellowstone National Park), Chrysti the Wordsmith (KGLT Radio), Dr. Desmarais (Lone Peak Veterinary Hospital) and Wellness In Action (WIA) – just to name a few.

Many thanks to our Board Members for their continued dedication to the GCWC: Vice President Kate Eelkema; Treasurer Ann Scheder-Bieschin; Co-Secretaries Jennifer Reed and Julie Sandberg; and Past President Jane McCarthy. Thanks as well to Sheila Krieg who continues to maintain our website (gcwomensclub.com). We are looking for volunteers to help us establish a stronger social media presence this year. If you are interested, please let me know.

Finally, I am so grateful to our committee chairs and members, luncheon and auction organizers, and all of you who donate your time and talent (crafters/quilters/readers/bakers) to ensure that our club continues to thrive. As we start our 98th year, our membership is strong. Consider sharing information about our club with women who are not currently members.

Bye for now,

Amy Wisniewski, GCWC President
